we think transport

BPW landing gear is a highly robust trailer solution for everyday use.

ROBUST

Just the right thing for usage in heavy jobs with a trailer, with built-in safety: BPW landing gear meets the Association of American Railroads requirements.

CONVENIENT

Low crank forces facilitate day-to-day tasks.

ECONOMICAL

BPW landing gear is maintenance-free for three years due to long-term greasing. In addition, it is optimally protected from corrosion through high quality coatings.
